## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claims 11-15 are allowable over the prior art of record because the prior art of record does not teach a method of manufacturing an information recording medium including a substrate and a recording layer disposed above the substrate, the method comprising forming the recording layer by a vapor deposition method wherein the recording layer is formed of a material expressed by a composition formula of [(Ge, Sn)<sub>A</sub>Sb<sub>2</sub>Te<sub>3+A</sub>]<sub>100-B</sub>M<sub>B</sub>, where 0<A≤10, 0 < B≤ 20, such that A and B each represent an atomic percent and M is at least one of Ag, Al, Cr, Mn or N wherein the recording layer is transformed in phase reversibly between a crystal phase and an amorphous phase by an irradiation of an energy beam.

The closest prior art of record to deNeufville et al. (U.S. Pat. 4,621,032) fails to teach Applicant's claimed deposited composition layer and fails to point in any direction to achieve Applicant's deposited composition layer in order to achieve preventing the deterioration of the repeated-rewriting performance of the information recording medium or preventing the deterioration in crystallization sensitivity from worsening with time.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney G. McDonald whose telephone number is 571-272-1340. The examiner can normally be reached on M-Th with every Friday off..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nam X. Nguyen can be reached on 571-272-1342. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
